EDITORIAL.

We are very delighted to find such a warm reception given to No. 1 of our Monthly Magazine! We believe the little stranger has come to stay, and trust it will make real friends with every reader! We want to make the Magazine a means of friendly intercourse for the village, and to give month by month all the news of our little compact Parish. Don't forget *your* copy! Our supply can easily be increased.

E. W. COPLESTON.

Much concern has been felt in the village at the outbreak of disease among some of the children, and the parents have the sincere sympathy and good wishes of every Parishioner. We warmly congratulate Dr. Gordon Campbell, Mrs. Pickering (matron) and the other helpers at the Hospital on the successful issue to their labours to limit the spread of the disease and in defeating its attack.

CHILDREN'S BANK.

We trust the generous impetus to thrift that is being given by the Waterworks Engineer (Lewis Mitchell, Esq.), in presenting each child in the village (under fifteen years of age), with a Bank Book and deposit of 2s., will be encouraged by parents and friends. "A friend in need is a friend indeed," but a friend in the Bank is better! Now, kiddies, go ahead and do your best to save! We will give a handsome book prize to the first child (not working) who banks the first £5 out of *their own* money!

COMING EVENTS.

The Sunday School Anniversary Presentation of Prizes, Cleckheaton Concert, and the Fancy dress Dance will all be duly announced by poster when dates are fixed.

FINANCE.

A balance sheet of Income and Expenditure of all moneys connected with the Mission Church and Social events for the nine months ending November 30 is posted in the Church Porch, and in future a statement will be issued every three months.
